The Florida Keys

REAL, BLUE & CHILL

The Florida Keys: Real, Blue & Chill is a visually stunning, action-packed one-hour special that shows viewers how to immerse themselves in the addictive, quirky Keys lifestyle — and make the most of their Florida Keys experience.

Join host Chad Crawford as he takes viewers on the ultimate road trip to explore the Keys' five distinct regions: Key Largo, Islamorada, Marathon, Big Pine and the Lower Keys and the irrepressible Key West.

We'll show viewers how to fly over the water in a jet pack like James Bond, get up close and personal with underwater denizens on a snorkeling trip, strap on a scuba tank and explore a shipwreck, discover exuberant arts and literary legends, reel in some fishy fare and dine on the catch, whip up genuine Key lime pie, join a 60-something tightrope walker performing at Key West's famed Sunset Celebration and much more!

Discover why continental America's southernmost island chain has earned the designation "Close to Perfect ... Far From Normal" on *The Florida Keys: Real, Blue & Chill*.
